**ESTIMATED FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions:

- Public Chapter 462 of the Public Acts of 2015 established an advisory task force to study revenue measures regarding the operation of aircraft and airport facilities in this state, the funding available to airports from the Transportation Equity Fund (TEF), and the effect of such funding on the needs of the air carrier and general aviation airports.
- The task force's findings and recommendations were required to be reported to the Chair of the Transportation and Safety Committee of the Senate, and the Chair of the Transportation Committee of the House of Representatives by February 1, 2016.
- Requiring the Chairs of the Transportation Committees to make such findings and recommendations available to members of the General Assembly upon request will not result in a significant increase in state expenditures.
